

SCOREKEEPER MENTOR MEETING

Addressing Electronic
Gamesheet Accuracy for
the 2026-2027 Season

PCAHA Scorekeeping Mentors

*New Initiative
for the
2026-2027
Season*

Initiative Objective & Background

- Improve ongoing data errors and low quality electronic gamesheets verified during previous seasons
- Promote stricter quality standards and ownership
- Mentors will specifically support team parent volunteers in mastering game data entry inside the Spordle Play platform.

Mandatory Scope & Requirements

Operational rules for U11 to U21 divisions

- Every team must identify of at least one Scorekeeping Mentor (SM) to their designated League Manager prior to the start of league play.
- Mentors attend scheduled meetings:
 - Beginning of Year
 - During season touchbases
- The Scorekeeping Mentor should not be the Team Manager to ensure balanced distribution of off-ice responsibilities.
- Mentors are not required to sit in the scorekeeping box during games, unless it is their standard personal shift within the parent team rotation.

Scorekeeping Resources

Find resources at:

<https://pcaha.ca/games-spordle/>

- Training Video
- Access to Spordle Play
- Scratchpads to print off- required this year
- Referee Signal document

2026-2027

Areas of Concern

Some of the most common scoresheet mistakes are:

- Using Junior/Senior penalties
- Not updating the real length of the third period
- Not clearing penalties once they are complete
- Not feeling confident to confirm with the ref about a call, especially where major or match penalties are concerned
